

Semester 1 Examination Results

no-reply@liverpool.ac.uk

Thu 08/03/2018 10:42

To: Sun, Zheng <Z.Sun21@student.liverpool.ac.uk>;

Please find below your Semester 1 Examination and Assessment marks. For each module you will see your module mark and below that, marks for individual components. You will not be able to see any Semester 1 component marks for modules that are not yet complete. Marks for these modules will be available to you on 2 July 2018.

You will also see a carry forward mark if you are a non-clinical undergraduate student. Carry forward marks are not applicable to clinical programmes or for students studying at postgraduate level. This mark is expressed to one decimal place and represents attainment during the previous academic session. Carry forward marks are only relevant for years of study that contribute to your final degree classification. If you believe this mark to be incorrect, or is missing then please contact your School Office for further advice.

Please note that all marks are provisional until considered and approved at the Board of Examiners meeting in June.

If there are any problems regarding your examination results or you wish to talk about what happens next (e.g. any failed modules, missing marks or a missing classification), please contact your School Student Support/Teaching Support Office or your academic adviser. Please do NOT reply to this email.

From 5pm on Thursday 8 March you will be able to view these marks through Liverpool Life. You can find instructions on how to do this here: <http://www.liv.ac.uk/student-administration/exams/results>

STUDENT INFORMATION:

Name: Zheng Sun **Student ID:** 201298762
Year of Study: 2 **Major:** HH66

EXAMINATION RESULTS:

Module	Title	Mark(%)	Result	Absence	Weighting(%)
COMP 201	Software Engineering 1	89	Pass		100
201	Written Exam	88			80
